If approved for funding, first time applicants are required to provide proof that they meet the residency requirements, however, Manitoba Film & Music reserves the right to ask for proof from all applicants.

If approved for funding, first-time applicants are required to provide proof that they meet Manitoba Film & Music's residency requirements. Proof can be either a bill payment with name and current address, or valid government issued ID with name and address.

Minimum age: Please be advised that the minimum age for application to Manitoba Film & Music's programs is 18. In situations where the artist is a minor, and no younger than 16, a parent or legal guardian may apply on their behalf. In no case shall a member of a group or a band be younger than 16 years old.

First time applicants: We want to help you create the best application possible. Please set up a one-on-one consultation with us to ensure you understand our programs and all the requirements. Please contact the [Music Programs Coordinator](#) prior to applying.

Artist/applicant in 'good standing': No new applications will be approved if an applicant or artist has a file overdue, and/or owes money back for a previous grant.

Respectful workplace: Any applicant seeking funding from Manitoba Film & Music shall maintain the principles of an inclusive and respectful workplace, which includes taking every reasonable step to: (i) cultivate a respectful, inclusive and supportive work culture by promoting awareness and education regarding the prevention of harassment; (ii) provide a safe mechanism for the reporting of incidents or allegations of harassment or inappropriate behavior, while supporting and protecting complainants and victims; and (iii) take action to identify and eliminate workplace harassment in a timely manner. Any applicant found to be in breach of the terms noted above will have any funding awarded revoked and will not be allowed to participate in Manitoba Film & Music-funded programs.

Manitoba Film & Music policy regarding the use of artificial intelligence in applications and funded projects: Manitoba Film & Music's mandate is to support the Manitoba music and film industries and to champion human creativity and meaningful participation in creation of cultural works. While Artificial Intelligence (AI) technologies may offer efficiencies or assist in aspects of production, they also raise ethical, legal, bias-related, and environmental concerns. AI technologies may be trained on unlicensed or copyrighted works and may present risks of copyright infringement. Applicants are responsible for ensuring all underlying rights for their project are secured and the project does not infringe on the rights of third parties.

Projects that are fully generated by AI or by using AI technology are not eligible for funding.

Projects in which the primary creative content (such as the music recording or musical composition, scripts, audiovisual works, images or other core creative elements) is generated by AI without substantial human authorship and participation are not eligible for funding.

Projects that incorporate AI-assisted elements may be eligible for funding where the applicant can provide evidence that:

- the resulting work is fully copyrightable under Canadian law, and
- substantive human authorship, creative decision-making and control can be demonstrated clearly.

Applications that do not meet these criteria will be deemed ineligible.

All use of AI in the creation of a project must be fully disclosed on the application form and in the project's final report. Manitoba Film & Music will assess AI use on a case-by-case basis in accordance with its mandate, program eligibility criteria, and these guidelines. The use of AI in any creative content may affect eligibility.

Manitoba Film & Music reserves the right to request additional information and to decline applications where AI use is inconsistent with these principles.
